CLEOPATRA OUTDOOR WELLNESS

Cleopatra's outdoor wellness solution is a custom-designed system that integrates various wellness products.

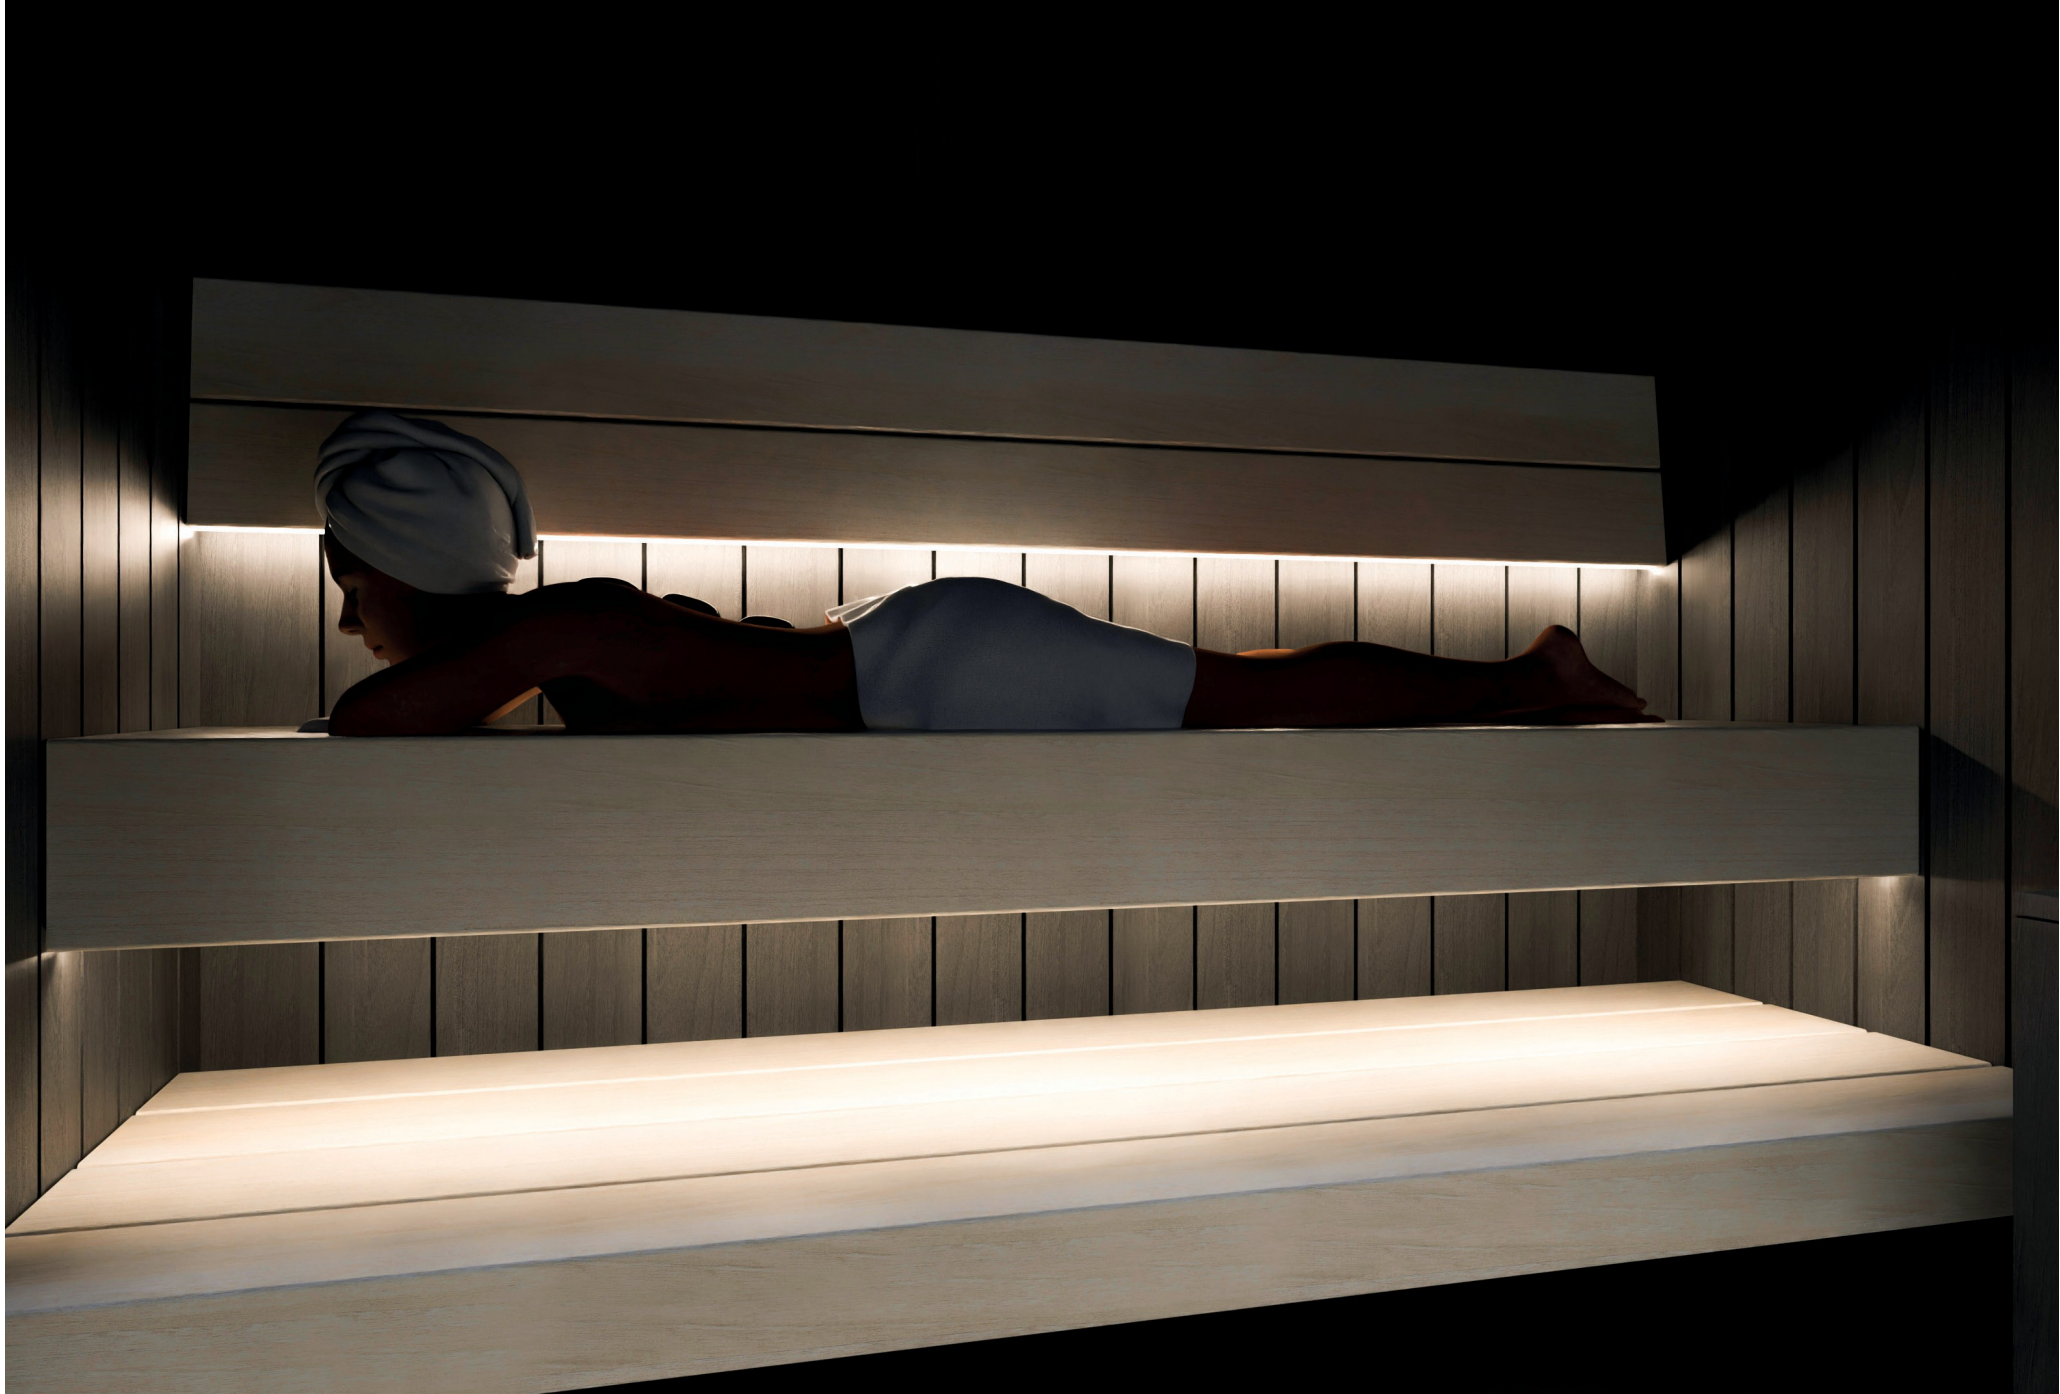

The use of high-quality materials ensures not only that durability requirements are met, but also that optimal ease of use is achieved.

The outdoor wellness area consists of: a full-fledged Finnish sauna, a hot tub, and an outdoor shower. The faucets for the hot tub and outdoor shower are located behind a lockable panel.

The hot tub is equipped with a cover to prevent leaves from falling into the tub and to keep the water at the desired temperature. This hot tub can be customized with various systems, such as underwater lighting. After use, the tub can be easily drained. This ensures you'll be bathing in clean water every time.

The entire unit is easy to connect. Under the tub's platform, there is a central connection for cold and hot water, as well as an electrical junction box.

SAUNA OPGIETSE \$IES

A FINNISH TRADITION

Löyly, aufguss, or opgieten—different names for the same phenomenon: pouring water and aromatic substances onto the sauna stove.

When the temperature reaches approximately 85 °C, the sauna stove is turned off. Because the the sauna stones are hot and therefore emit radiant heat, this offers the opportunity creating a wonderful ongietsession. The ongietsession offers you a direct increase in the “Hot increases the humidity. The Finnish word “Löyly” “Wind”; and that is exactly what translates to what you feel during the ongietsession.

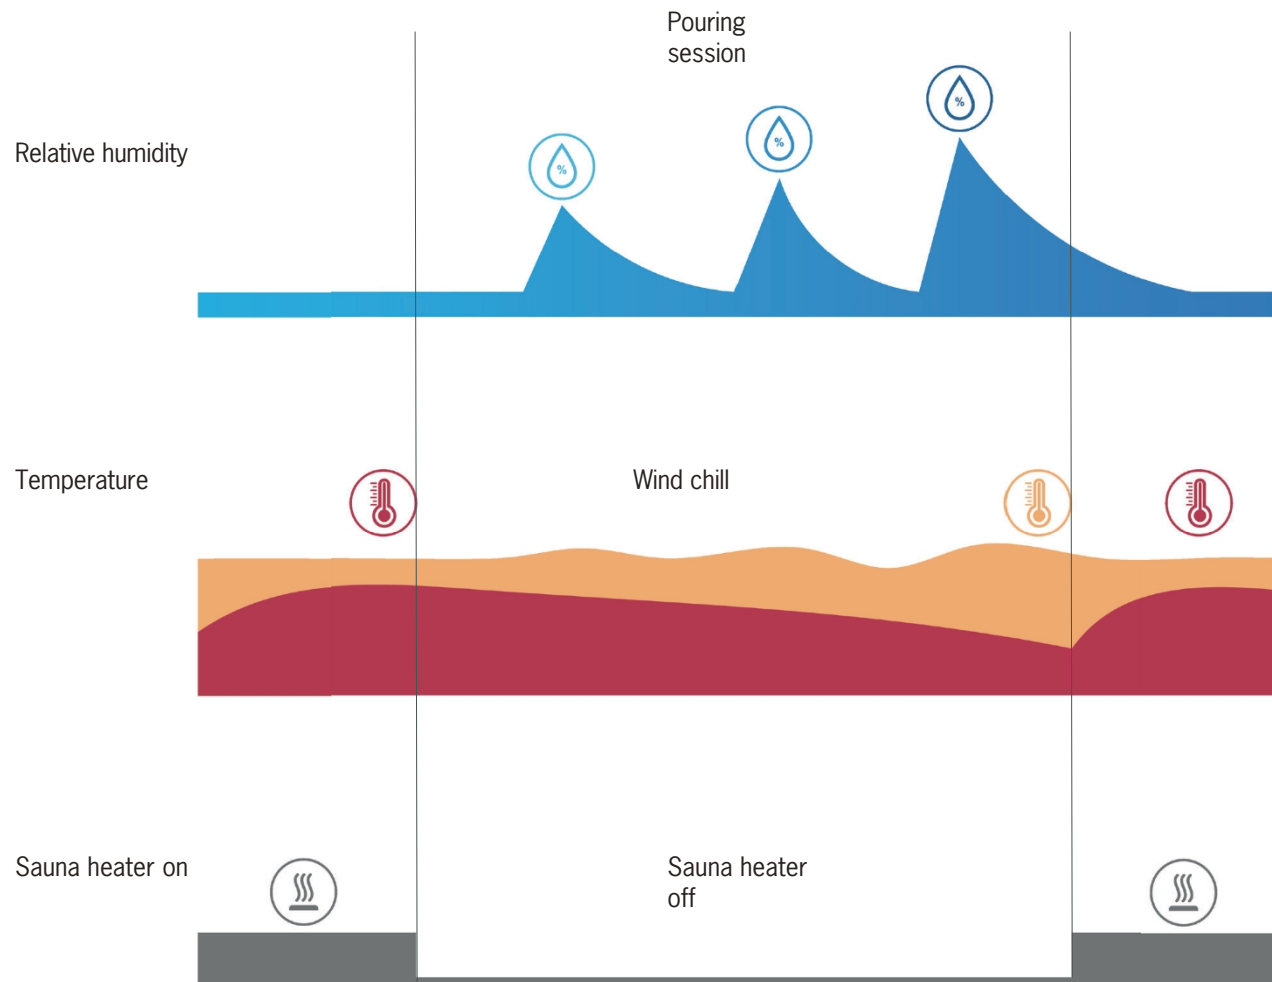

SAUNA DELUXE CONTROL PANEL

On the Sauna Deluxe control panel, we’ve set this “Löyly” experience as a preset on the display for you.

1. By activating the Löyly function, the sauna heater will continue to operate until the set temperature is reached.
2. Once the set temperature has been reached, the sauna heater will turn off, and you can then begin the ongietsession.
3. At approximately 75°C, the sauna heater will turn back on, and the cycle will repeat.

Depending on the amount of water poured onto the stones, the perceived temperature in the sauna cabin varies.

SAUNSATION®

FEATURES

The Saunsation® is an ideal feature for the discerning sauna enthusiast. In addition to a traditional sauna, you can activate four other climate zones via the display with the push of a button. In short, you can turn your sauna into a multifunctional cabin.

The Saunsation® settings operate based on a temperature and humidity sensor. The sauna heater for the Saunsation® features not only the traditional stone-filled heater but also a section with a water tank. Heating the water in the tank increases the humidity inside the cabin.

CLIMATE ZONES

- Classic sauna
- Warm air bath
- Tropical bath
- Aroma bath
- Soft steam bath

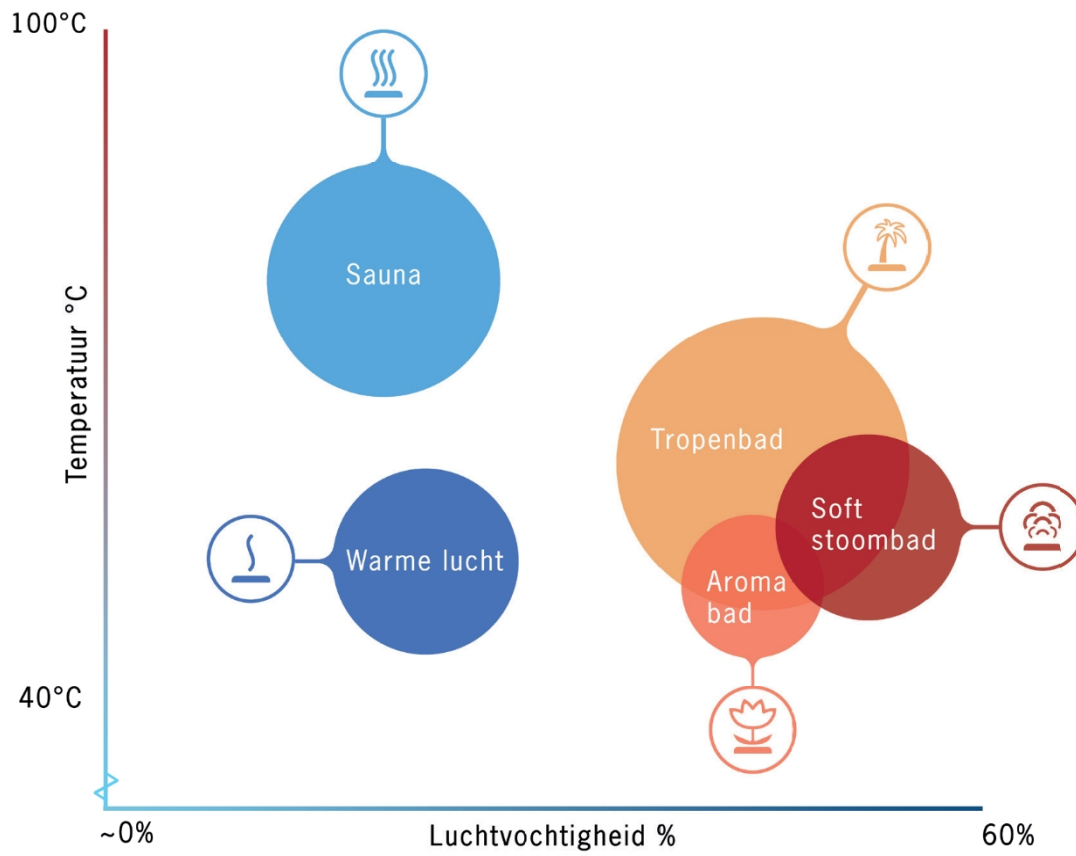

OPTIONAL WITH SAUNSATION®

- Bluetooth music
- RGB LED color therapy
- Aroma bowl for delightful scents in the sauna cabin

SAUNSATION® A TREAT FOR BODY AND MIND

Regular sauna sessions strengthen your heart and circulatory system and effectively boost your resistance to cold symptoms. The positive effects of a sauna session on the immune system have now been proven. Our skin—our largest organ—is purified and intensively nourished with nutrients and mineral salts.

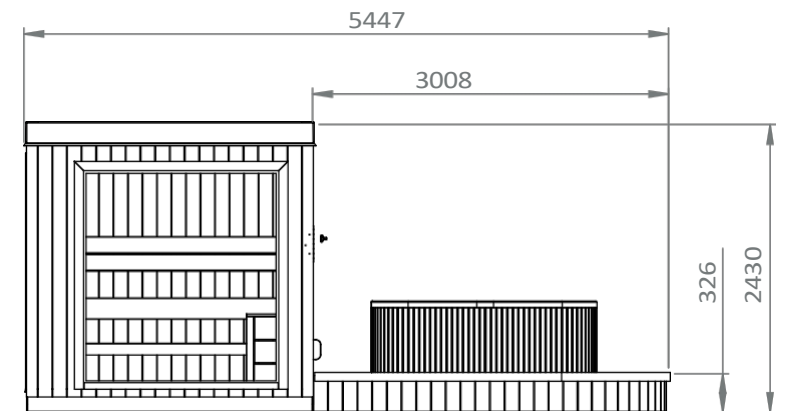

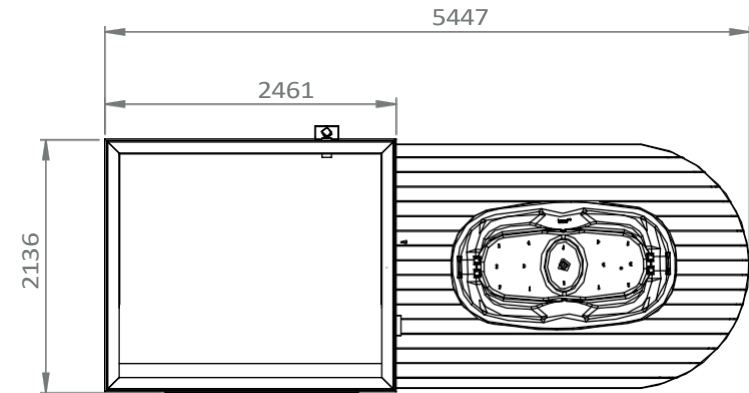

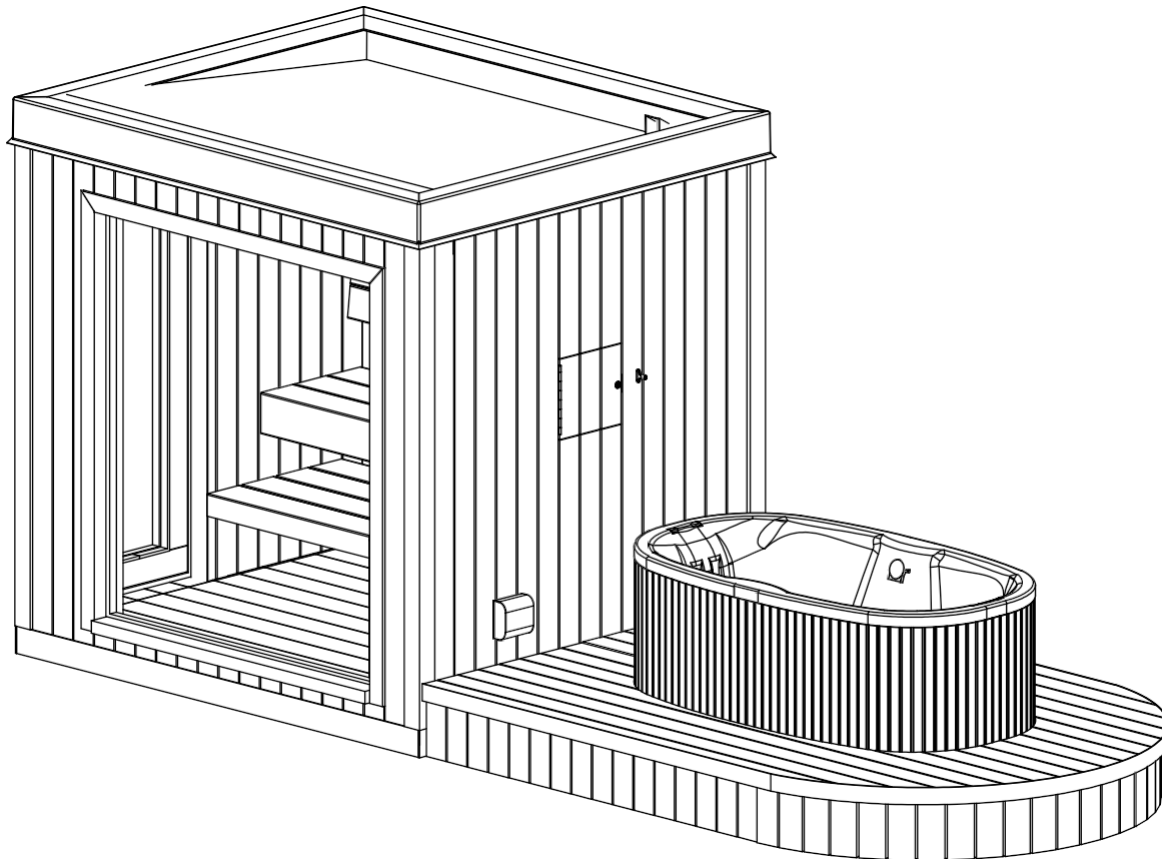

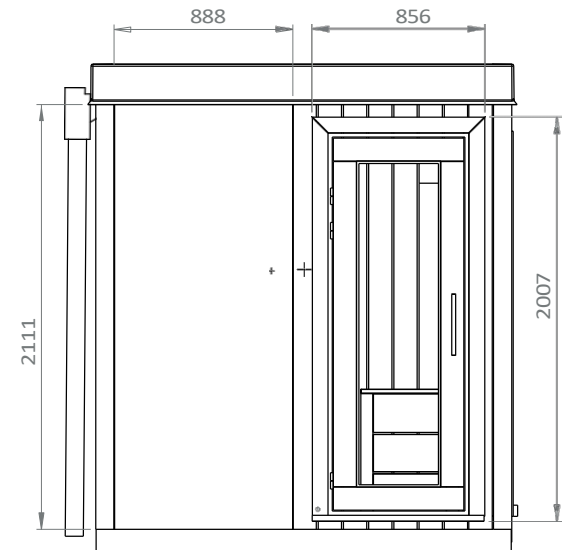

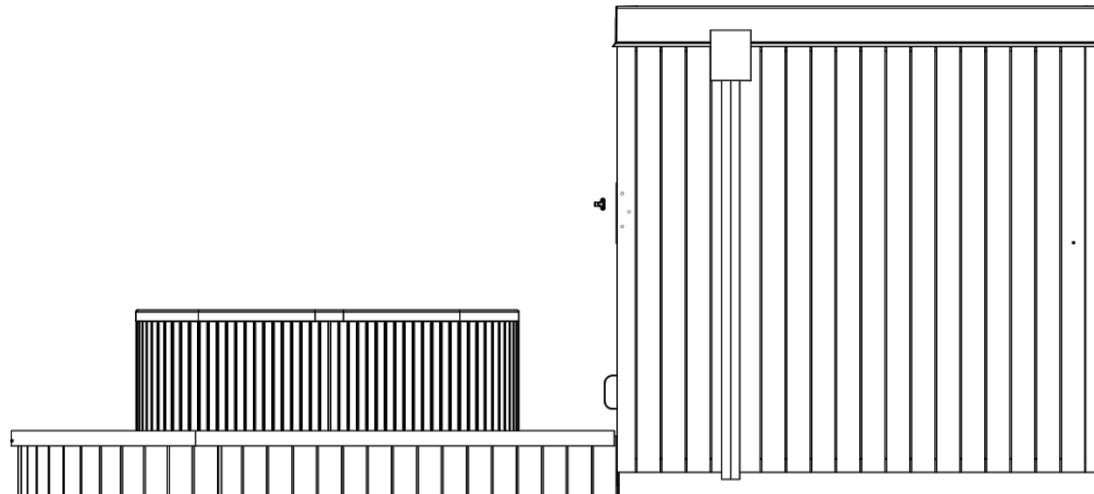

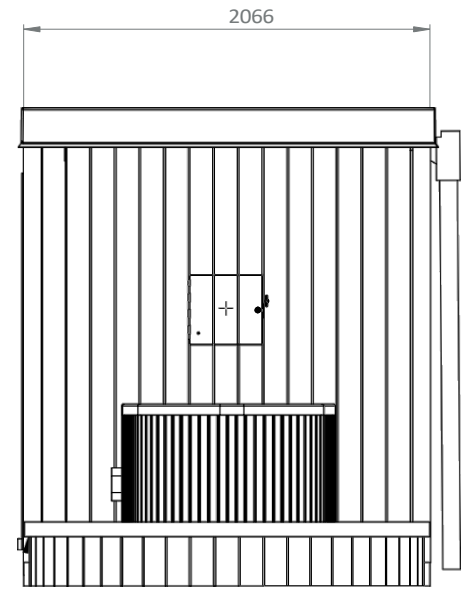

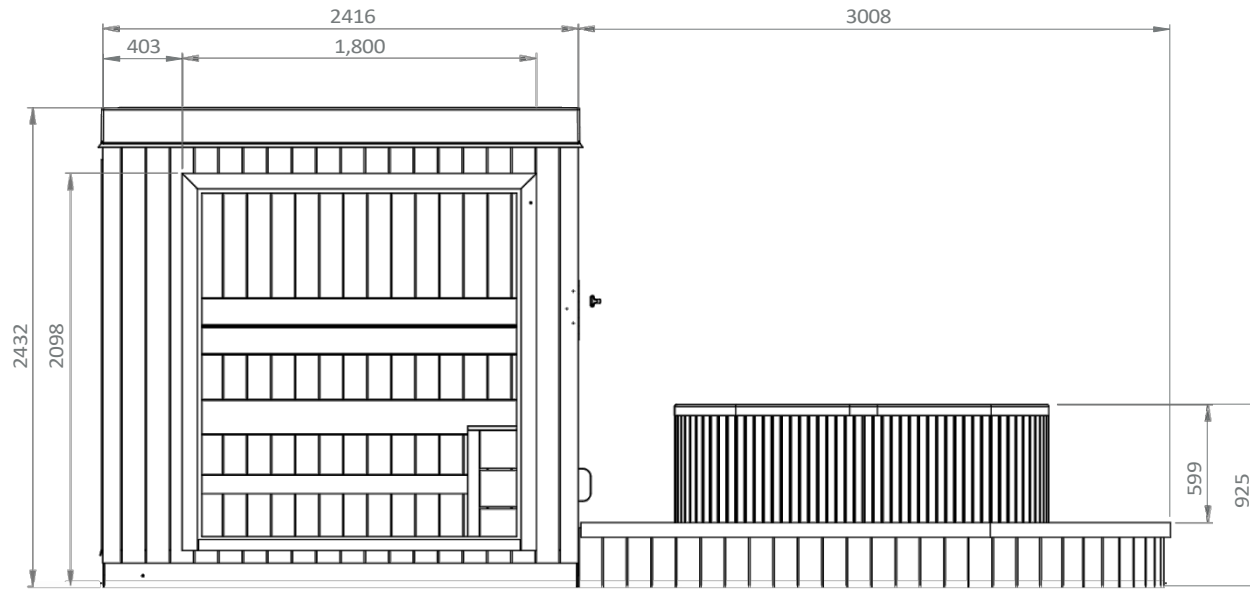

Climate Zones

	Temperature	Humidity
Sauna	70–100 °C	10%
Hot air bath	45–60 °C	10–20%
Tropical bath	48–75 °C	20–50%
Aromatherapy bath	40–45 °C	40–55%
Gentle steam bath	45–60 °C	40–55%

DIMENSIONS

Cleopatra offers the perfect wellness experience for individual spaces. Smart solutions for a range of unforgettable moments of personal well-being and relaxation.

For more information about Cleopatra, visit our website at www.cleopatra.nl or contact the Cleopatra branch or partner in your country.

Cleopatra

Since 1966, Cleopatra has been the Dutch manufacturer of luxury, high-quality wellness products. Our product range includes steam/shower cabins, custom steam solutions, bathtubs, whirlpools, saunas, infrared cabins, and spas. We serve both consumers and the professional market. Water is Cleopatra's primary source of inspiration, with the consumer's need for relaxation as our top priority. To ensure quality, all our products are manufactured in-house by skilled craftsmen. In addition, we subject all manufactured products to comprehensive and thorough quality testing. With our passion for the product and our many years of experience, we guarantee the highest quality and durability of all Cleopatra products.

Showroom

To get a good impression of our products, we highly recommend visiting our showroom and Wellness Experience Center in Zaandam. The vast majority of our product range is clearly displayed here for you to explore. Our experienced staff will be happy to welcome you and offer advice.

Wellness Experience Center

Try out wellness products for the bathroom for yourself. Shower, steam, sauna, infrared, or bath—it doesn't matter. Experience the sensation of bubbling water, the beauty of the flowing design, the invigorating scents of the steam cabin, and the massaging power of the latest whirlpool system.

Personalized Advice

To ensure you receive the best advice, we also offer the option of having a Cleopatra wellness consultant visit your home to explore the possibilities for the ideal design of your wellness space. Please contact our office staff to schedule a consultation.
