SPA FURNITURE

Spa furniture is a collection of seating and lounging elements made of coated soft foam. It remains soft, flexible, and easy to maintain. Thanks to the material's properties, it is particularly well-suited for use in humid environments such as steam rooms or showers.

APPLICABLE

- Public saunas
- Private wellness facilities
- Hotels
- Fitness clubs
- Bathrooms
- Steam rooms

MATERIAL PROPERTIES

The Spa Furniture coating has a number of outstanding properties, such as:

- Very few chemicals can affect the chemical bond between the silicon molecules. This means that almost no material sticks to silicon. Even ballpoint pen marks can be easily removed from the coating.
- Cold- and heat-resistant. The silicon molecules remain stable between -50 and +300 degrees Celsius.
- Silicon is a very skin-friendly product. Most cosmetics, such as skin creams, lipstick, etc., contain silicon
- Silicon is UV-resistant
- Silicon is recyclable
- Spa Furniture products feel very pleasant to the touch—soft and highly flexible.
- No VOCs are used in the coating process.
- Minor damage can be repaired on the spot.

SUSTAINABILITY

The Spa Furniture coating consists of silicon, and the raw material for silicon is sand. Sand is readily available on the Earth's surface, so there's no need to drill deep into the ground to obtain it, as is the case with petrochemical-based coatings such as polyurethane. Extracting silicon places less strain on natural resources. This means that the production of silicon requires less water, raw materials, and energy compared to PU and PVC products.

CUSTOM MANUFACTURING

In addition to the products in the catalog, we can produce custom-made items—both in terms of shape and color. We work closely with customers, architects, and designers on these projects. Together with these partners, we turn design ideas into a product that can be cut using a CNC-controlled foam cutting machine.

Once the foam has been cut according to the agreed-upon specifications, we can begin the coating process. In this process, the coating is applied by hand to the open-cell foam to create a mechanical bond with the foam. This coating seals the foam and creates a flexible, soft, leather-like surface.

UNIQUE PROPERTIES

- Sustainable
- VOC-free production process
- Water and steam resistant
- Cold and heat resistant
- Easy to clean
- Soft Touch
- UV-resistant
- High elasticity and permanently flexible
- Recyclable
- Customizable in shape and color (RAL)

SPA CUSHIONS & POUFS

FEATURES

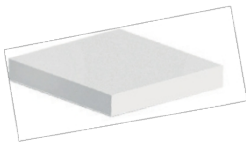

- Available in 4 standard RAL colors.
- Other RAL colors available upon request.
- Stays soft for optimal comfort.
- Made from coated soft foam.
- Antibacterial and resistant to water and moisture.
- Easy to maintain; clean with water and a cloth.

Cleopatra

Since 1966, Cleopatra has been the Dutch manufacturer of luxury, high-quality wellness products. Our product range includes steam/shower cabins, custom steam solutions, bathtubs, whirlpools, saunas, infrared cabins, and spas. We serve both consumers and the professional market.

Cleopatra's primary source of inspiration is water, with the consumer's need for relaxation as our top priority. To ensure quality, all our products are manufactured in-house by skilled craftsmen. In addition, we subject all manufactured products to comprehensive and thorough quality testing. With our passion for the product and our many years of experience, we guarantee the highest quality and durability of all Cleopatra products.

Showroom

To get a good impression of our products, we highly recommend visiting our showroom and Wellness Experience Center in Zaandam. The vast majority of our product range is clearly displayed here for you to explore. Our experienced staff will be happy to welcome you and offer advice.

Wellness Experience Center

Try out wellness products for the bathroom for yourself. Shower, steam, sauna, infrared, or bath—it doesn't matter. Experience the sensation of bubbling water, the beauty of the flowing design, the invigorating scents of the steam cabin, and the massaging power of the latest whirlpool system.

Personalized Advice

To ensure you receive the best advice, we also offer the option of having a Cleopatra wellness consultant visit your home to explore the possibilities for the ideal design of your wellness space. Please contact our office staff to schedule a consultation.
