# FRAGRANCE DOSING MODULE

## Fragrance Dosing Module for Steam Rooms

The fragrance dosing module for steam baths is an advanced, stand-alone system that ensures an optimal fragrance experience in the steam bath. Thanks to the clear digital display, operation is simple and intuitive. This module allows for the connection of up to four different fragrances, enabling users to effortlessly switch between different aromas and thus always create the desired atmosphere.

The intensity of the scent is fully adjustable manually via the display. This allows the dosage to be precisely tailored to the size of the steam room and the desired scent strength, ensuring a pleasant and balanced scent experience every time.

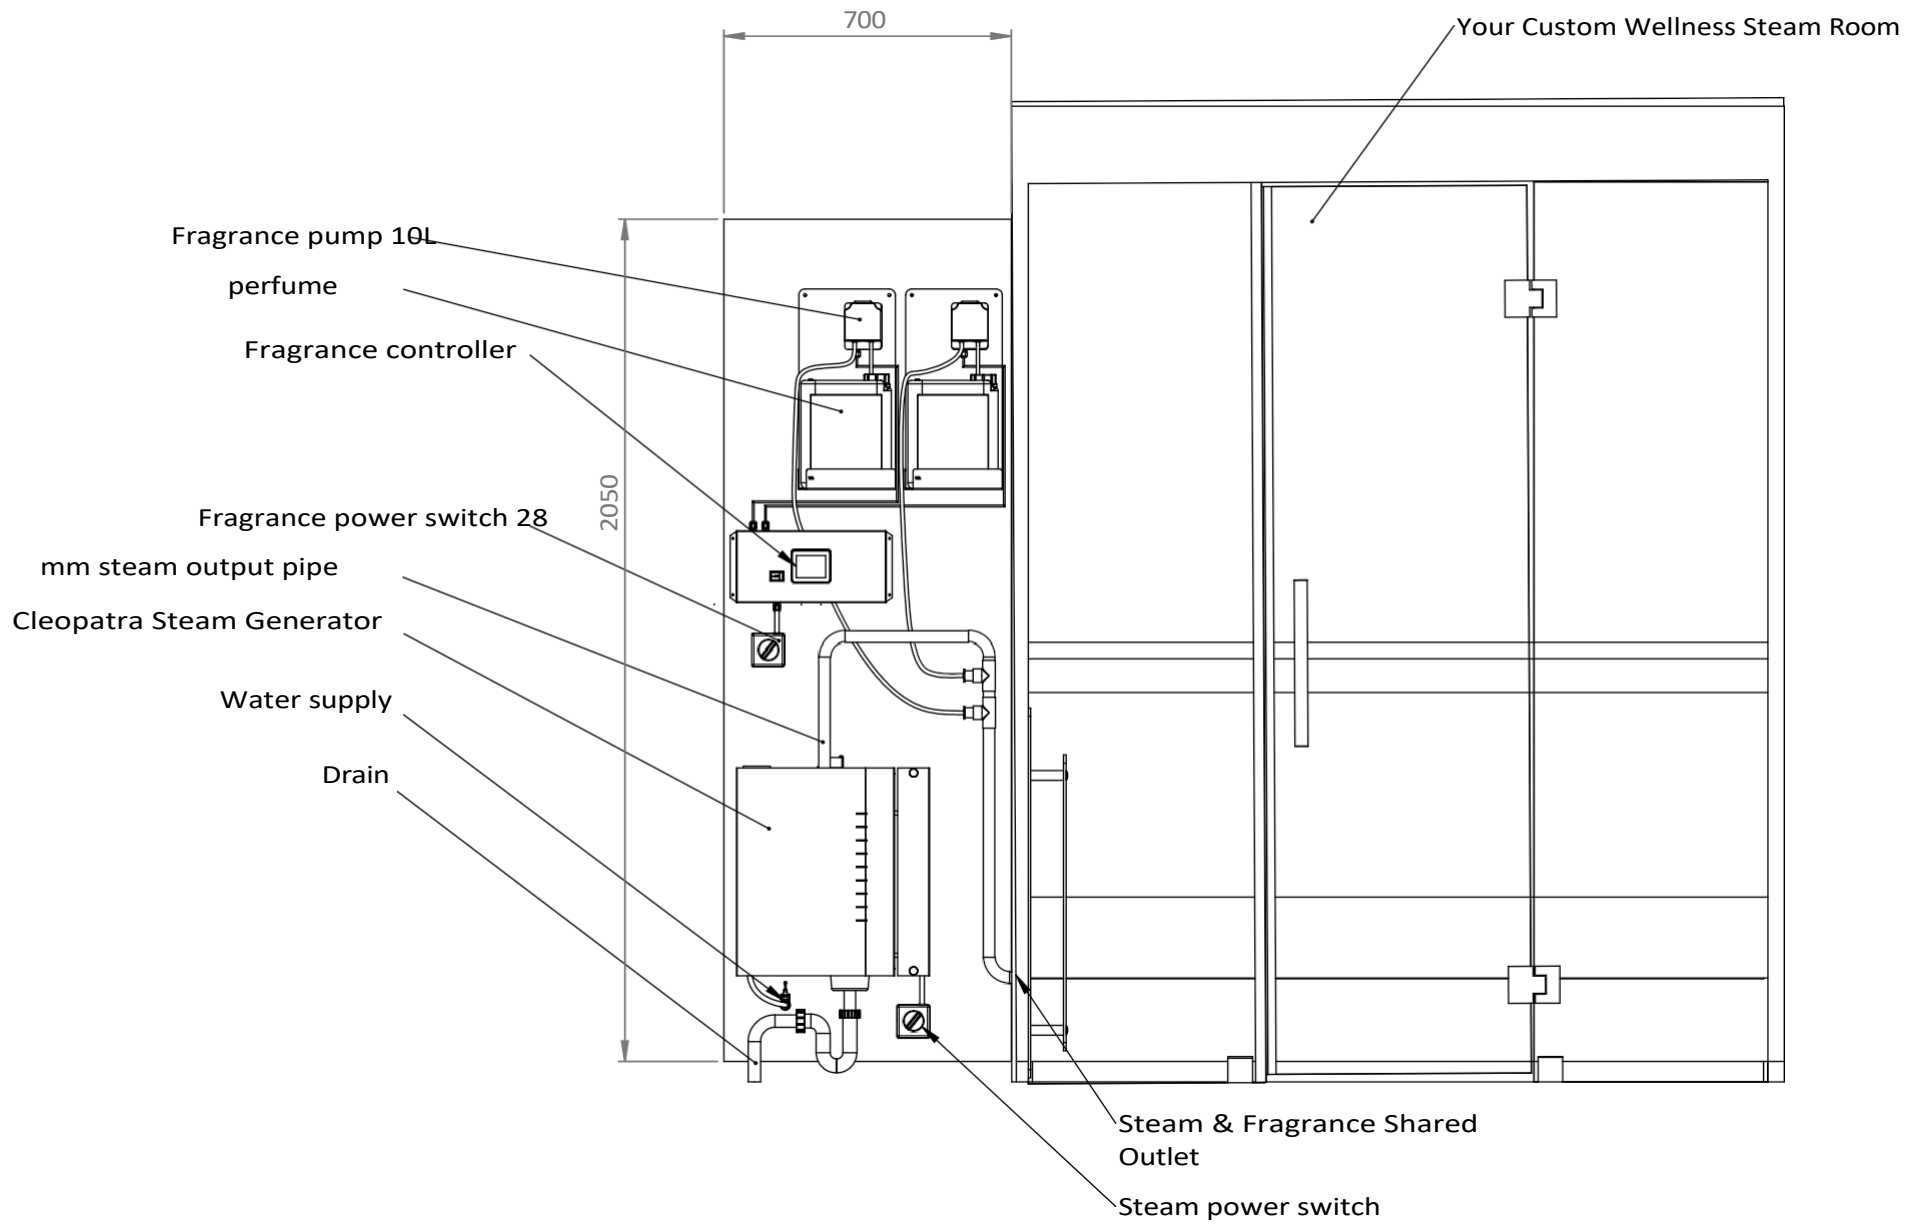

The module is equipped with its own temperature sensor. This ensures that fragrance is dispensed only when the steam room has actually reached the set temperature. This prevents unnecessary consumption of fragrances and ensures efficient and sustainable operation of the system.

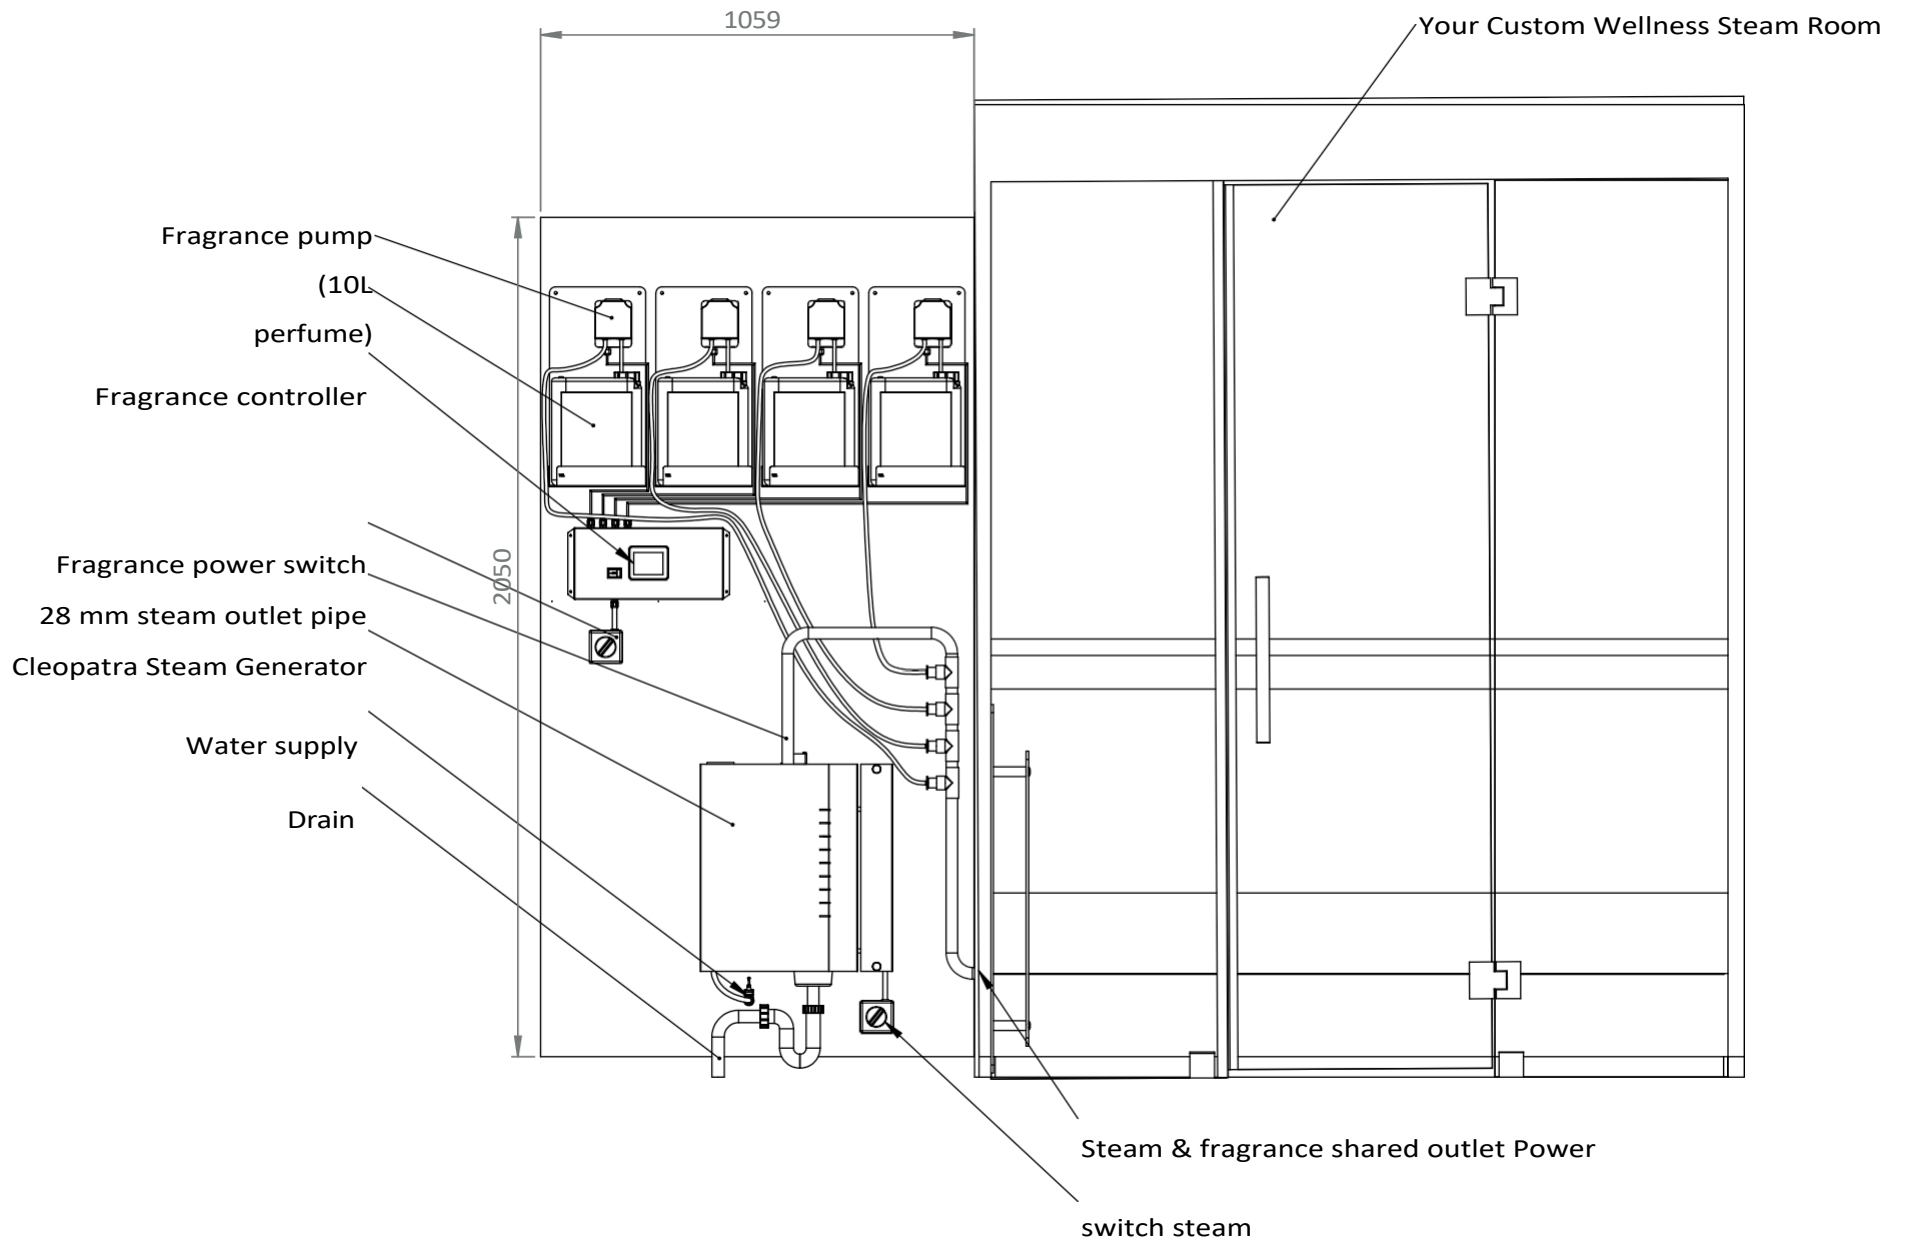

When changing the fragrance, the module features a convenient function that temporarily increases the speed of the fragrance pump. This allows the new fragrance to be pumped through the hose more quickly, so the desired scent is noticeable in the steam room in no time.

The fragrance tank has a generous capacity of up to 10 liters, allowing the module to operate for extended periods without frequent refilling. Of course, the tank can be filled with Cleopatra's delightful original scents, such as eucalyptus, eucamint, lavender, and pine. These high-quality aromas enhance the relaxing and refreshing effects of the steam bath and contribute to the ultimate wellness experience.

Cleopatra offers the ultimate wellness experience for individual spaces. Smart solutions designed to create a wide range of unforgettable moments of personal well-being and relaxation.

### **Cleopatra**

Since 1966, Cleopatra has been a Dutch manufacturer of luxury, high-end wellness products. Our range includes steam and shower cabins, custom steam solutions, bathtubs, whirlpools, saunas, infrared cabins, and spas. With this extensive portfolio, we serve both private customers and the professional market.

Water is Cleopatra's primary source of inspiration, with the user's relaxation needs always at the forefront. To guarantee exceptional quality, all our products are manufactured in-house by skilled craftsmen. Every product undergoes thorough and rigorous quality testing. With our passion for wellness and decades of expertise, we ensure outstanding quality and long-lasting durability across the entire Cleopatra collection.

### **Inspiration**

Discover a selection of our projects online and find inspiration for your own wellness space. Over the years, Cleopatra has completed projects around the world for private clients, hotels, fitness clubs, vacation resorts, cruise ships, and many other leisure and hospitality settings—delivering premium wellness experiences wherever relaxation is desired.

### **Wellness Experience Center**

Experience our bathroom wellness products for yourself. Whether it's a shower, steam cabin, sauna, infrared cabin, or bath—discover the sensation of bubbling water, the beauty of flowing design, the invigorating aromas of steam, and the massaging power of our latest whirlpool systems. Our experienced team looks forward to welcoming you and providing expert advice.

### **Personal Advice**

For personalized guidance, a Cleopatra wellness advisor can visit your home to explore the possibilities for creating your ideal wellness space. Please contact our office to schedule a personal consultation.
